

RE: PRICE INCREASE EFFECTIVE 18th May 2020

As a valued customer of HomeCater (registered as Nutrifare Ltd), we would like the opportunity to thank you for your continued support, especially during these last 6 or so weeks. Your satisfaction is our number one priority and we hope that we have been successful in providing both excellent customer service and a high-quality product throughout your experience with us.

We understand that any price increase during these challenging times will not be welcome, however due to COVID-19 and the current economic environment, including an increase in minimum wage and higher production costs, we have no choice but to increase the prices of our meals. We pride ourselves on being an affordable, quality meal service and are still committed to providing our customers with the lowest possible price that is economically viable for our business.

As many of you will know, this is our first price increase in several years. We hope you understand that we are doing what is absolutely necessary to survive in the changing economic environment, to continue to provide you with the same great handmade meals at affordable prices.

The price increase will be reflected on our website as well as on our menus. If you require a copy of the updated price list, please email us on office@nutrifare.co.nz or call us on 0800 30 32 32.

We appreciate your support and understanding.

Kind Regards,

The Team at Nutrifare.
